

Sunny cacao

Sewn in safety belt

Space-saving foldaway design

Lockable position to prevent
unsupervised rocking

Two in one: The Koala set includes a baby hammock and stand and allows babies to be close to their parents anywhere within the house, in the garden or on the road. Koala is lightweight and can be set up quickly and easily without tools. This way, active parents can relax anywhere while their babies are swinging comfortably and happily, being able to observe attentively and with interest what is happening around them.

Rocking in the Koala baby hammock gently lulls your baby to sleep, gives comfort and security, and promotes baby's sense of balance. Further, the hammock's snug shape helps your baby to learn hand/foot coordination and, by taking weight off baby's tummy, provides relief when s/he has trapped wind.
